

COLORFUL PAGES FOR A COLORFUL COUNTRY

Comparison shopper? All right. Here is what White Ace's Album for the Netherlands has to offer. First, there's completeness, with spaces for all postal issues, from 1852 until the present. Second, the album is fully illustrated . . . to take the guesswork out of collecting. Third, capsule commentaries provide background information for all issues . . . so collecting is educational as well as entertaining. Of course, there are pictorial vignettes and decorative borders on every page . . . to highlight your stamps and brighten your collection. Color? White Ace has multicolored lithography . . . prettiest pages you've ever seen. What else? Pages made of extra-heavy card stock for durability, with rounded corners to prevent dog-earing. Looseleaf style means added flexibility; you can buy the album in sections . . . one part now, the other later. And annual supplements keep it up-to-date . . . always. Finally, the sturdy binder provides a perfect housing for the pages and your stamps.

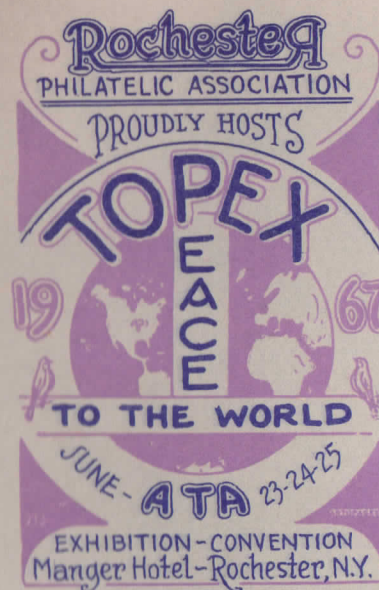

These are the White Ace facts. Now compare the White Ace Netherlands stamp album with others. You'll agree . . . we are certain . . . that with White Ace you get more value for your money. Year after year.

Greetings FROM THE PRESIDENT OF A. T. A.

It gives me a great deal of pleasure to extend warm greetings to all members and guests attending this the 16th ANNUAL CONVENTION-EXHIBITION and the 18th ANNIVERSARY of the founding of the AMERICAN TOPICAL ASSOCIATION.

To the members of the ROCHESTER PHILATELIC ASSOCIATION, OUR HOST, to General Chairman Mrs. Dorothy Fordham Smith, and to all members of Topex '67 Committees, the A. T. A. is most appreciative for their many sacrifices and hours of hard work to make this convention a success. I am sure you will have an enjoyable and rewarding meeting here in Rochester, N.Y., "THE LILAC CITY". There are many excellent topical exhibits for you to examine, study and discuss with fellow topicalists. "Unit-Study Groups" meetings are open to members and non-members alike. Be sure to attend one or all of these get-togethers. The DEALERS BOURSE, offering you a vast assortment of philatelic items, will enable you to add to your collection. The Awards Banquet is Saturday night. Do attend.

Rochester has much to offer in entertainment. Here for you to see are the Eastman Museum of Photography, the fabulous Mid-town Plaza, outstanding department stores and specialty shops. Xerox Corporation Center, Susan B. Anthony's Home, The Museum of Arts and Sciences, Memorial Art Gallery, Highland Park and many other attractions. A very short distance away are Niagara Falls, The Wineries, Newark-Rose Gardens etc. Inquire at the INFORMATION DESK about the Special Eastman Kodak trip and the other places to go.

A. T. A. hopes you will have a never to be forgotten vacation with sight-seeing, social and philatelic activities in "AMERICA'S FRIENDLIEST CITY". "YOU'LL LOVE ROCHESTER".

Margaret R. Hackett.

Known as the "Flower City" because of its large nurseries and beautiful parks, Rochester is in one of the country's richest fruit and truck gardening belts.

POPULATION - 318,611

ALTITUDE - 660 ft.

INCORPORATED AS CITY - 1834

SEAT OF MONROE COUNTY

MAYOR, HON FRANK T. LAMB

As well as having the largest film and camera plant in the world, Rochester is a leader in the manufacture of optical goods and surgical instruments.

The city is the seat of the University of Rochester, Eastman School of Music, Rochester Institute of Technology, the Colgate-Rochester Divinity School, St. John Fisher College and Nazareth College for Women. The Community War Memorial contains a public auditorium with a seating capacity of 10,000, exhibit hall, arena and chapel.

Browse around - and get acquainted with our wonderful city. Inquire about the various points of interest.

Greetings

The interest with which philatelists follow the topical collection of stamps is really outstanding.

Collectors who are drawn to the study, exchange and collection of materials for topical exhibits are rewarded with a great deal of information not only on the subject of stamps, but on many issues of world significance and importance.

Having an "amateur" interest in philately - for some years prior to my becoming postmaster - I have been interested, surprised and intrigued by some topical collections I have seen.

There is truly international interest and expression in this endeavor and the hobby of topical collection will continue to grow, as it certainly has in recent years.

Best wishes for your continued growth in both your membership and topical subjects.
